

Dragons Abreast National Regatta 2011

Dragons Abreast National Regatta 2011 - Bulletin April 2011

Wow – registrations are coming in and we are very excited to see the enthusiasm for this event! A couple of pointers to consider when making your booking:

When you register make sure you select the correct team. For example, if you are paddling as a supporter – make sure you select the supporters team for your area from the list.

Also, make sure you ask your members to answer the question about being added to the mailing list – this will ensure everyone is kept up to date with any important news pertaining to the event.

Composite Teams:

There are a few composite teams available for both survivors and supporters. If you have members who want to paddle but you don't have a full team - register as a composite, or you can register for your team - we will ensure you are joined up with others to make a full boat.

DAA Membership:

Don't forget – please ensure your participants are DAA members. As this is a DAA event it is a requirement that all participants are DAA members – including supporters. The only exception is for those supporters who elect to attend the dinner only (i.e. no other inclusion such as lunches, transport etc...). Contact jd@dragonsabreast.com.au for assistance with membership.

Our Helpers!

This event would not be possible without the help from our committee. Even though this is a national event, we are very happy to have members from Sunshine Coast on board – they have their feet on the ground in Caloundra and are a valuable asset to ensure the success of this regatta! Don't forget that apart from the committee we have other people needed to help with components of the event. QDBF and members of some QLD dragon boat clubs have offered to help anyway they can and are on board to help with some of the on water workshops. The help from our fantastic friends in the dragon boat world will make sure you all have a special, safe and FUN time.
